The following indexes are supported:	
6 Month LIBOR Index – WSJ	26-Week T-Bill Rate
1 Year LIBOR Index – WSJ	National Average Contract Rate
1-Year Treasury Index	11th District FHLB Cost of Funds
3-Year Treasury Index	Wall Street Journal U.S. Prime Rate
5-Year Treasury Index	JP Morgan Chase Bank Prime
10-Year Treasury Index	

Information You Need to Know

- When you install each full release of the program, the program automatically updates your indexes to whatever was current when that version of the program was originally created.
- We also publish an Internet-based ARTA Lending index update monthly. The monthly index update is available on our Product Download Site (PDS).
- If the indexes automatically updated with the latest full release meet your needs, then you do not need to download or install the monthly index update from our PDS.
- The Internet-based updates will be located in the ARTA Lending downloads area of our [Product Download Site](#).
- This index history update information applies to the entire ARTA Lending family of products.
