Forms Tab Personal References Other Relative Error

We corrected an error that occurred when the dealer selected a **Relationship Type** of **Other Relative** on the **Forms** tab. The user is now able to select **Other Relative** on the **Forms** tab, and the selection saves correctly.

The screenshot shows a web form titled "Customer Reference Information". It contains two sections for personal references. Each section has a "Name" field, a "Relationship" dropdown menu, a "Phone" field, a "Street" field, a "Zip / City / State" field, and a "Remove" link. The first reference is for "Jane Borrowe" with the relationship "other relative", phone "651-999-8888", street "7654 Ashland St", zip "55108", city "Saint Paul", and state "MN". The second reference is for "Fred Borrowe" with the relationship "other relative", phone "612-999-8888", street "2121 10th Ave", zip "55404", city "Minneapolis", and state "MN". There is a "+ Add Additional Reference" link at the bottom.

The *ST-588 Nonresidency Exemption Certification (IL) (Revision 1/15)*, form type *Motor Vehicle Titling Forms*, was added to AppOne content as a new form.

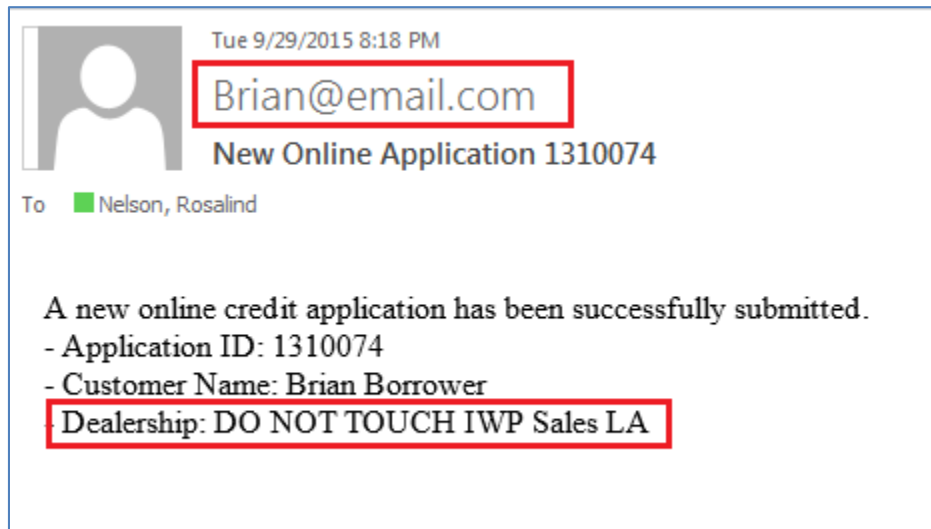

Online Credit App Enhancements

The following enhancements were made to the online credit application:

- The email notification now includes the **Dealer Name** and is generated as coming from the customer's email account.
- On the online application, the customer **Email** is now a required field.
- The online credit application now includes the joint credit checkbox certification checkbox and other income disclosure text.

We also added a sentence to the online Credit Application that applicant does not need to provide certain other income unless he/she wants it to be considered as a basis for repaying the credit obligation.

We turned on FirstMerit for dealers in Georgia and New York. FirstMerit is available for dealers in Georgia and New York, and all forms print correctly for these dealers.

User Accidentally Selects Trailer, Unchecks but will not Save

Corrected an issue that prevented the user from unchecking the Trailer box for Marine collateral. Previously, when the user accidentally checked the Trailer box, then unchecked it, the system saved the selection as Trailer. After the update, the user can check and uncheck the Trailer box, and the system saves the selection appropriately.
