3 Motors on a Marine Deal

Based on dealer & service company requests, we updated the **Collateral** tab in AppOne to allow entry of up to three motors for **Marine** collateral.

Follow these steps to enter marine collateral on the dealer portal:

1. To enter information for a boat, check the **Boat Information** box and fill in the information.
2. To enter information for up to three motors, check the **Motor Information** box.
 - Initially, the **Motor Information** section shows fields for **Motor #1**.
 - To add a motor, click the **Add Additional Motors** link.
 - To remove a motor, click the corresponding **Remove** link.
3. To enter information for a trailer, check the **Trailer Information** box and fill in the information.
4. When collateral information is complete, click **Save** or **Proceed to Next Step**.

The screenshot shows the 'Collateral' tab in the AppOne system, specifically for 'Marine' collateral. The 'Collateral Type' is set to 'Marine', with a description: 'Includes power boats, sail boats, outboard motors & boat trailers.' An 'Inventory Stock Number' field is also present.

The form is divided into three main sections, each with a checkbox:

- Boat Information:** Includes fields for Type (New), Year (2016), Make (BOATMAKE), Model (BOATMODEL), Boat Length (0), Serial, Dealer Cost/Invoice (\$0.00), MSRP (\$30,000.00), and Selling Price (\$0.00).
- Motor Information:** Contains two motor entry sections. Motor #1 has fields for Type, Year, Make, Model, HP (0.00), INBOARD, Fuel, Serial, Dealer Cost/Invoice (\$0.00), MSRP (\$0.00), and Selling Price (\$0.00). Motor #2 has a 'Remove' link. Below these is a '+ Add Additional Motors' link.
- Trailer Information:** Includes fields for Type, Year, Make, Model, Axes (0), Serial, Dealer Cost/Invoice (\$0.00), MSRP (\$0.00), and Selling Price (\$0.00).

Each section also includes a note about applicable fees: '(Add applicable Rigging Fees here)' for motors and '(Add applicable Freight Fees here)' for trailers.

Back-End Products Tax Rate (TMFS Only)

In response to feedback from some of our dealer groups, we updated the portal to display the tax rate for back-end products to four decimal places.

Portal Footer System Requirements Update

We updated the **System Requirements** link in the AMS footer to open the **System Requirements** page of the **Support** tab help system. The **System Requirements** link is available on the log-in page and on AMS after the user is logged in.
